Embracing Safety and Style: Reflomax Meets Police Demands

Meeting Police Trends and Preferences : 20 years of Trusted Partnership

For almost 20 years, Reflomax has been working closely with the Korean National Police, supplying them with advanced prism reflective technology for their uniforms.

We focus on making uniforms that are safe, comfortable and stylish.

Our long partnership shows our commitment to quality and innovation, helping police officers stay safe and effective in their work.

When Korean National Police visited Reflomax in 2008

Why Korean National Police Choose Reflomax Prismatic tape(TRG)?

Due to the many advantages of prismatic retroreflective materials, the Korean National Police have switched from glass bead materials to prisms.

1. Better Visibility in Rain: Stays reflective even when wet.
2. Brighter Reflections: Clear and vivid day and night time.
3. Wide-Angle Visibility: Effective from all angles
4. Modern Design: Professional and stylish.

Our Global Reach

We are proud to supply our reflective materials to police and safety organizations in:

U.K.

Rep. of South Africa

Israel

Malaysia

Colombia

Ecuador

Honduras

Peru

As law enforcement needs change, Reflomax is dedicated to making police uniforms safer, more comfortable and stylish. Join us in creating the future of police uniforms.
